Technical features

	Internal length	Internal width	Internal height	Volume	Payload capacity*	Vehicle Gross weigth	Overall height	Wheelbase
Single wheel	from 3 240 mm to 4 540 mm (every 100 mm)	from 1 930 mm to 2 080 mm	from 1 850 mm to 2 200 mm	from 11 m³ to 20 m³	900 kg	3,5 t	from 2 950 mm to 3 300 mm	3 640 mm 4 490 mm
Twin wheels	from 3 240 mm to 4 940 mm (every 100 mm)				600 kg			

* * Varies according to the vehicle configuration.

Available configurations

HD rear view camera
Take advantage of the integrated camera for better visibility

SimpleLock
Magnetic system that makes doors easy to open and close

100% automated LED lighting
Optimum lighting levels increase safety when doors are opened

Anti-intrusion central locking
System that locks all doors with a single touch

Moveable step
Practical, ergonomic device for easy access to the vehicle

Available options

Folding shelves
Easy to install, fold them up to optimise space

Mobile partitions
This option allows you to transport products at different temperatures, preserving their quality while optimising space for flexible, customised deliveries

Deflector
Its aerodynamic profile makes it the ideal solution for saving energy

Air curtain
Opening the rear doors creates a flow of cold air that forms a thermal barrier, keeping your products fresh without compromising their quality
