**Weight reduced by**  
300 kg\*

**Better insulation with a**  
k-value of 0,31 W/m<sup>2</sup>.°C

**Improved aerodynamics**  
& a unique **design**

## Technical features

|              | Internal length                          | Internal width            | Internal height           | Volume                                      | Payload capacity* | Vehicle Gross weight | Overall height            | Wheelbase            |
|--------------|------------------------------------------|---------------------------|---------------------------|---------------------------------------------|-------------------|----------------------|---------------------------|----------------------|
| Single wheel | from 3 240 mm to 4 540 mm (every 100 mm) | from 1 930 mm to 2 280 mm | from 1 850 mm to 2 200 mm | from 11 m <sup>3</sup> to 20 m <sup>3</sup> | 900 kg            | 3,5 t                | from 2 950 mm to 3 300 mm | 3 640 mm<br>4 490 mm |
| Twin wheels  | from 3 240 mm to 4 940 mm (every 100 mm) |                           |                           |                                             | 600 kg            |                      |                           |                      |

\* \* \* Varies according to the vehicle configuration.

## Available configurations

### HD rear view camera

Take advantage of the integrated camera for better visibility

### SimpleLock

Magnetic system that makes doors easy to open and close

### 100% automated LED lighting

Optimum lighting levels increase safety when doors are opened

### Anti-intrusion central locking

System that locks all doors with a single touch

### Moveable step

Practical, ergonomic device for easy access to the vehicle

## Available options

### Folding shelves

Easy to install, fold them up to optimise space

### Mobile partitions

This option allows you to transport products at different temperatures, preserving their quality while optimising space for flexible, customised deliveries

### Deflector

Its aerodynamic profile makes it the ideal solution for saving energy

### Air curtain

Opening the rear doors creates a flow of cold air that forms a thermal barrier, keeping your products fresh without compromising their quality
